3-WAY ADJUSTABLE COMPENSATING FEET

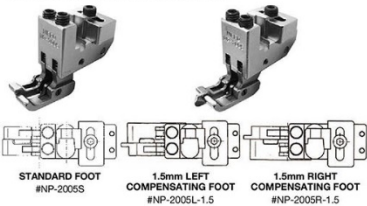

For Single Needle, Needle Feed Lockstitch Machines

Ideal for sewing different material weights at the same time:

- Material can be fed and sewn smoothly
- Sewn perfectly even stitches; helps eliminate skipped stitches

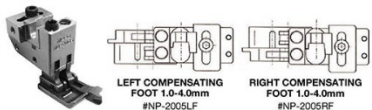

Each foot has the following adjustments:

- Height adjusting screws on presser foot bottom
- Needle point adjusting screws on presser foot bottom
- Pressure adjusting screws on presser foot bottom

For 3 Step Zig-Zag Sewing Machines

- The presser foot pressure of each side can easily be adjusted with the pressure adjusting screws
- Perfect for thin, medium-heavy or heavy materials
- Suitable for high speed sewing with 1.0mm to 4.0mm fully adjustable compensating

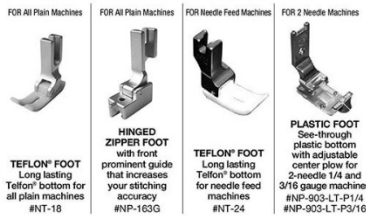

ATTACHMENTS & PARTS FOR INDUSTRIAL SEWING MACHINES

Nippo is a Japanese manufacturer that develops a wide range of innovative, high-quality products for the sewing industry.

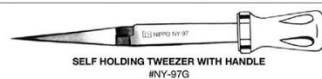

SPECIALTY-HINGED FEET MADE IN JAPAN!

Greatly reduces drag and puckering issues - by using a very high quality Teflon® base, Nippo has produced a product that's proven to significantly reduce drag and puckering. Reduces per piece production time - Nippo has designed its foot to easily accommodate difficult-to-sew materials to ensure smooth feeding.

IMPROVE YOUR PRODUCTIVITY

NEW AUTOMATIC NEEDLE THREADER
with magnetic base that stays on the machine. Makes threading easier.
#V-NY-1140V
