Kennedy Sewing and Cutting Supply, LLC

Founded in 2021, **Kennedy Sewing and Cutting Supply, LLC** has built a reputation for providing premium industrial sewing and cutting solutions. We are dedicated to offering a wide range of high-quality machinery, parts, and technical services to manufacturing facilities worldwide. Over the years, we have established ourselves as an industry leader in providing innovative solutions that increase efficiency and improve production capabilities for sectors including but not limited to: uniforms & garment manufacturing, automotive airbags & interiors, medical & healthcare, home goods & textiles, marine & aerospace.

With decades of combined experience, our team possesses a deep understanding of the intricacies of industrial manufacturing processes. We offer a comprehensive inventory, including sewing machines, cutting tools, and related supplies, while also providing expert consultation and repair services. Our commitment to customer satisfaction and quality has allowed us to build strong, long-term relationships with clients across North America, Latin America, and beyond.

Kennedy Robotics AI, LLC

As a natural extension of our expertise in the industrial sector, **Kennedy Robotics AI, LLC** was established to bring the latest advancements in robotics and artificial intelligence to the manufacturing floor. Specializing in AI-powered autonomous systems, Kennedy Robotics AI focuses on automating manufacturing processes to increase precision, reduce human error, and streamline operations. Our goal is to help manufacturers transition smoothly into the age of automation and prepare them for Industry 5.0 innovations.

While Kennedy Robotics AI is a newer venture, it leverages the extensive experience and knowledge base developed over years in the industrial sewing and cutting sector. Our team is equipped with the expertise needed to design and implement robotic systems that enhance manufacturing workflows and improve overall productivity.

History & Experience

Together, **Kennedy Sewing and Cutting Supply, LLC** and **Kennedy Robotics AI, LLC** bring a unique blend of deep industry experience and cutting-edge technology. Our legacy in the sewing and cutting industry gives us an unparalleled understanding of the challenges manufacturers face, which we complement with our new AI and robotics division to help our clients stay at the forefront of innovation.

Our track record includes successfully supporting large-scale manufacturing operations, from garment production to upholstery, with both advanced machinery and hands-on technical expertise. As we continue to grow and innovate, our teams remain committed to providing exceptional service, reliable equipment, and customized solutions that drive business success for every client.

Kennedy Sewing and Cutting Supply, LLC

Capability Statement

Company Overview

Kennedy Sewing and Cutting Supply, LLC is a South Carolina-based company specializing in providing comprehensive solutions for industrial sewing and cutting operations. We serve manufacturers and contractors across the United States, Canada, Mexico, Central, and South America. Our offerings encompass expert consulting, lean production solutions, advanced machinery, AI-powered autonomous robotics, technical services, upgrades, parts, and repairs.

Core Competencies

- **Expert Consulting and Lean Production Solutions:** We analyze and optimize manufacturing processes to enhance efficiency and reduce waste.
- **Advanced Machinery and Robotics:** Supplying cutting-edge sewing and cutting machinery, including AI-powered autonomous robotics for enhanced productivity.
- **Technical Services and Support:** Offering training programs, technical support, machine repairs, upgrades, and a comprehensive inventory of over 70,000 parts and supplies.

Differentiators

- **Industry Expertise:** Our team brings extensive experience in industrial sewing and cutting solutions, ensuring tailored approaches to client needs.
- **Comprehensive Service Offering:** From consulting to machinery supply and technical support, we provide end-to-end solutions for manufacturing operations.
- **Commitment to Innovation:** Integrating AI and robotics into our solutions, we help clients transition smoothly into Industry 4.0 and prepare for Industry 5.0 advancements.

Past Performance

Kennedy Sewing and Cutting Supply, LLC has successfully served numerous clients across various industries, providing high-quality products and exceptional service. Notable projects include supplying equipment for large-scale garment production facilities and providing ongoing support to upholstery manufacturers. Our ability to deliver on-time and on-budget has earned us a reputation for reliability.

Corporate Data:

- **Company Name:** Kennedy Sewing and Cutting Supply, LLC
- **Year Established:** 2021
- **D-U-N-S Number:** 123999160
- **NAICS Codes:** 423830, 333515, 333249, 811310, 423850, 333514, 333514
- **Contact Information:** KEVIN J. KENNEDY (Founder/ Owner)
- **Email:** kevin@kennedysewing.com
- **Phone:** 864-921-4924
- **Location:** 236 Mansfield Drive, Spartanburg, SC 29307 (USA)

Kennedy Robotics AI, LLC
Capability Statement

Company Overview:

Kennedy Robotics AI is a leading provider of advanced robotics and artificial intelligence solutions, specializing in the design, development, and deployment of autonomous systems for various industries.

Core Competencies:

- **Robotics Engineering:** Expertise in creating autonomous robots tailored to specific industry needs.
- **Artificial Intelligence Integration:** Implementing AI algorithms to enhance robot decision-making and adaptability.
- **System Integration:** Seamlessly incorporating robotic solutions into existing operational workflows.
- **Maintenance and Support:** Offering comprehensive services to ensure optimal performance and longevity of robotic systems.

Differentiators:

- **Innovative Design:** Commitment to cutting-edge technology and continuous innovation.
- **Customization:** Ability to tailor solutions to meet unique client requirements.
- **Proven Track Record:** Successful deployment of autonomous systems across diverse sectors.
- **Client-Centric Approach:** Focus on understanding and addressing specific client challenges.

Past Performance:

- **Manufacturing Sector:** Enhanced production efficiency through the deployment of autonomous robots.
- **Logistics Industry:** Streamlined supply chain operations with AI-driven robotic solutions.
- **Healthcare Field:** Improved patient care and operational workflows via robotic assistance.

Corporate Data:

- **Company Name:** Kennedy Robotics AI, LLC
- **Year Established:** 2024
- **D-U-N-S Number:** 119326871
- **NAICS Codes:** 541330, 423830, 541511, 333992, 333922, 423850, 336360
- **Contact Information:** KEVIN J. KENNEDY (Founder/ Owner)
